Full Stack Web Developer

I completed a Full Stack Web Development course at University of Utah, and seeking to apply my skills in a fun and efficient environment to create user friendly applications. I maintain a strong attention for detail and believe in lifelong learning with a goal to improve my skills daily.

Technical Skills

Some of the technologies I have experience with include:

Frontend: JavaScript, React, Node.js, HTML5/CSS3
Backend: Node.js, Express, MongoDB, MySQL, Firebase
Visualization: Bootstrap
Developer Tools: GitHub, npm, Bash, Heroku

Registered Nurse

I have maintained an active RN License as a frontline healthcare provider:
COVID-19 ICU, SICU, MICU, CCU, Med/Surg, Clinical Documentation Specialist

---
